NewsLetter

May 2025

Imagine you are in the middle of one of Minnesota's 10,000 lakes. You are treading water, with no boat near you and no life jacket on. It is getting dark and cold, and you are tired. You can see the lights of the nearby town and hotel, but you are not sure you can swim that far to shore. Then out of nowhere God throws a life preserver towards you. He doesn't force it over you. He throws it next to you and within your reach. The decision you must make is whether to accept God's help or try to swim to the shore by yourself knowing you might not make it.

You may begin to wonder why God would even think to throw you the preserver in the first place with all the mistakes that you've made and sins of a lifetime. Why would he care about you? The answer to that question can be found in one word. Love. Jesus said in John 3:16 *"For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life."*

Jesus Christ is our life preserver. While an earthly life preserver can help you float to shore to see another day, faith in Jesus is your life preserver that helps you float through this difficult life and rescue you to be with Him in His kingdom forever.

Even after you apologize to the Lord for all your sins and have faith that he has forgiven you, you may still carry guilt and shame for those sins. No problem! Reach out and hang on to Jesus. He will help you forgive yourself.

Amen
Pastor Linda Boyadjis

Mary grew up in a small town in central Montana with her parents and one sister, where she was an honor student and participated in 4H, choir, band, and girls athletics when there were very few sports offerings for girls in the 60s. After high school, Mary earned her bachelor's and master's degree in nutrition from Montana State University in Bozeman, MT and then moved to St. Paul for work. Mary enjoyed traveling and especially enjoyed riding her bike in different locations. She biked across Europe and rode the Iowa RAGBRAI (Register's Annual Great Bicycle Ride Across Iowa) a number of times, dipping her bike tire in the Missouri river in the west and in the Mississippi River on the east of Iowa. Mary especially enjoyed living in her home near Como Park, where she spoiled her cat, Momo, for over 20 years and was the envy of her neighborhood with her flowers. Mary was also the neighborhood organizer who created the Neighborhood's Night Out each August for many years. If you visit Peace Cottage, you soon learn that Mary loves music of Jim Morrison, Simon and Garfunkel, and many Beethoven Sonatas. And of course, Elvis!
